

MD 2020 SS analysis

math & English

- circumspect meaning.
- died of / from some disease
- apply for / to work
- some grammar questions.
- few vs a few
- theories are accepted / refuted etc?

→ joint density variables
 $P(x+y \geq 1)$

- area b/w curves
- linear indep vectors
- prob when multiple tries
- princ principle arg of complex
- polar eqⁿ
- circulation of field.
- transformation of mat R^2
- integⁿ of 2 vars.
- eqⁿ of tangent
- β distⁿ state space
- Estimated μ
- complex eqⁿ
- coeff mat, argm matrix
- prob. of mutlexcl events.
 $P(A \cap B)$

Technical

- # chars in a string array
- exactly one '1' what binary opⁿ.
- preproc for condⁿ / inclⁿ.
- PC changes in which phase of instrucⁿ cycle.
- parts of URL Host, port protocol, lang.
- Rear front Queue ques p48.
- Addressability in Mem:
- opsⁿ performed on relations
Q union, Join, Fullouter join, product.
- purpose of linker in prog compl.
- what is virtual m/c.
- how is fgets used in C
- purpose of modem.
- terms related to virtual mem
- Broadcast addre. of subnet.
- path selection in which layer
- 10 Base2 ethernet properties
- factors affecting the leng of LAN segment.
- convert bin to Hex decoder using only NOT & AND # max gates?

- diff b/w latch & ff.
- diff b/w array & LL
- #define
- macros ques in C
- RW hazards.
- TLB paging.
- memory concepts
- 2D array
- SINS2 in C
- pointers
- goto replaces what
- amt of mem used
malloc().
- size of main mem
- "Encap" aka
- collection of obj
saving same reprⁿ.
- critical section probs.
- scheduling algo.
- addr space of linux
shared lib. code seg.
- to execute oprⁿ in virtual...
- verifⁿ activity (testing)
- behav specs is req for?
